I've lived in Wildomar and watched it grow for 20 years.

Although I agree in principle with cityhood, it's premature for Wildomar to incorporate. We lack the necessary tax base to sustain cityhood without questionable outside subsidies. The WIN cityhood proposal is financially risky under present economic conditions.

If voters do choose cityhood, it will be crucial to have competent business professionals on the council to manage financial challenges, and bring fiscal prudence to every area of the city's development. Wildomar's people can't afford "Tax and Spend" candidates.

My 45+ years in business provide me with the skills to lead the City of Wildomar. I'm an experienced negotiator and team leader, and have managed large, complex budgets and service contracts.

I'll help free Wildomar from dominance by special interest groups currently acting as a quasi-government and controlling the whole community for the benefit of just a few. I don't owe allegiance to any special group, and have no political debts to pay. It's my point of honor that Supervisor Buster has never appointed me to anything!

I am committed to limiting tax increases and building an open, accountable government for all of Wildomar's people. Please vote for me.
